Spring Radiance Sconce

SKU: SCSR-011

Spring Radiance Sconce: This glorious wall sconce takes inspiration from the change of seasons when leaves transition and begin to appear in vibrant yellows, oranges, and reds. With the leaves hand-crafted from resin crystals and gathered into a bouquet (with a few flowers added for effect), this light emits a warm glow complemented by the base's antique bronze finish. Uses one 5-watt G9 LED bulb, included in each purchase.
